300SRP Summer Internship Program: One Summer Chicago

In partnership with Bright Star Community Outreach and the One Summer Chicago, last month 300 welcomed back intern JaTaeja. Some may recognize her as she also interned at the property in 2019. Jae worked closely with the building management team to gain first hand experience of building operations. JaTaeja was active with social media posts for the building (even hosting her own Instagram stories takeover!) and also helped in the further development stages of the tenant portal BuildingHub. Jae is headed to her freshman year at Ohio State University where she aspires to become a lawyer! We hope to welcome her back throughout her college career.

Best of luck, Jae!

Recap: National Honey Bee Awareness Week

Introducing 300 South Riverside Plaza's Queen Bees...

The week of August 10th-August 14th, 300 South Riverside Plaza celebrated National Honey Bee Awareness Day.

During the week, trivia, bee-hind the scenes of the rooftop apiary, and fun facts were posted on the building's Instagram account, @300SRIVERSIDE.

Our bee keeper, Jackson Banger, stopped by the building's rooftop apiary to check on the beehives. During his visit, he discussed how the bees are already transitioning into fall and winter preparation.

Congratulations to Rocia, the winner of the "Name The Queen Bee Contest", who won a 300SRP honey gift bag.
