Get To Know 300 Intern!

Temi Creppy

Brightstar Community Outreach, One Summer Internship

How long have you been at 300 South Riverside Plaza? This will be my first summer at 300SRP as an intern. I'm very excited to have a new experience and gain more knowledge.

When you aren't working what do you enjoy doing? I like to spend my time volunteering and giving back to my community during my free time. I'm currently a volunteer at Saint Francis Hospital and at a local homeless shelter on the North side of Chicago.

What is the best piece of advice you have ever been given? The best piece of advice I've ever been given is to always treat the janitor of a building the same way you would treat the CEO of that building.

What is your favorite thing about working at 300SRP? My favorite thing about 300SRP is all the amenities the building has to offer! How clean the building is and the view. I've always driven past tall buildings in the city but now I get to see how they operate.

Temi is entering his sophomore year at Howard University.

Virtual Fire Drill & Emergency Preparedness Training

Safety and security are top priorities at 300 South Riverside Plaza. To help ensure that all occupants understand their role in an emergency, we have prepared a convenient online life safety training program for you. This program offers training and information for employees and building occupants, as well as specialized information for floor wardens and a **Virtual Fire Drill**. It is important that everyone participate in this online training.

You can access the SafetyNet page at:

<https://clients.aksafetynet.com/300sriverside>

Sign in with different passwords to access different portals!

Occupant password: 300safety

Warden password: 300warden

Fire Drill password: 300fd

The site includes a life safety training video, building-specific safety information, and links to other sources of emergency information. The occupant video covers fire, medical emergencies, bomb threats, building evacuations, shelter in place, and other critical information. The warden program also provides sample response scenarios.

World Trade Center History: Online collection of stories explores the symbolism of the World Trade Center and why it became a target on 9/11. These stories provide those who never saw these landmark structures in lower Manhattan with a sense of what they were and what they meant for New York. Use this link for more information: <https://www.911memorial.org/learn/resources/digital-exhibitions/world-trade-center-history>

The Call To Serve: Explore untold stories of extraordinary military service in the wake of 9/11. When we think of the first responders to the attacks on September 11th, 2001, we often think of the courageous police officers, firefighters, and emergency workers who raced towards the World Trade Center. Equally important were the heroic actions taken by the U.S. military in the days and months that followed. Use this link for more information: <http://veterans.911memorial.org/>

Rendering the Unthinkable: Artists Respond to 9/11 - An online presentation of 13 New York City artists affected by the events of 9/11. Video interviews with the artists, information about their art and related work, as well as visitor responses to the original gallery.
