2024 Summer Internship Program

300SRP and Bright Star Community Outreach have renewed their partnership for the 9th consecutive year to provide summer internships for local youth interested in exploring the field of property management. This program aims to offer participants a better understanding of commercial real estate through hands-on experience.

We recently welcomed Jaylen Trice on July 7th. Jaylen, a sophomore at Jones College Prep, is actively involved in volleyball and track & field. He completed his internship with us on July 24th and will now continue the program at our sister property, 540 W Madison, to gain further insights into the operations of different properties. We appreciate Jaylen's contributions to the team and look forward to welcoming our new intern, Tylar Dillard!
